

Amanda Morgan

Web Developer ♡ Artist ♡ Designer

Profile

I am a Front-End Web Developer building upon an Art Education background to build a more intuitive user experience on the web. I describe myself as an innovative problem solver, passionate about creative user interface design, with a focus on mobile-first development. With each project, my aim is to best engage my audience for an impactful user experience. I'm excited to leverage my skills as part of a fast-paced, quality-driven team to build better experiences on the web.
